Item 39- Report from legal counsel regarding pending cases and other matters.

Item 40- Items for future agendas. Review of job description for Secretary/Treasurer.

Item 41- Public comment period. Nicolas Hernaez, a PT applicant who was offered a probationary license in late July, appeared. The director advised the Board that the applicant had contacted the office seeking assistance in finding employment, and was advised that that the Board could not recommend employers. The director also advised the Board that she provided the applicant with the contact information for the Nevada chapter of the American Physical Therapy Association. She reminded the Board that they cannot legally take any action on an item not specifically listed on an agenda. The applicant stated he cannot find employment and asked the Board if they could recommend any facilities or employers. The Board stated they could not recommend specific facilities or employers as it is not the role of the Board to assist applicants or licensees in gaining employment. The applicant stated that the NVPTA advised they could not help him. The Board wished the applicant luck in finding employment.
