**Item 6 -** ACCC Election (**For Possible Action**). The Advisory Committee will vote for a new Vice Chair to replace Kirk Sachtler.

**Motion:** Motion to have Tiffany Barrett as the Vice Chair for the advisory committee on

continuing competency  
**Second:** Jennifer Nash  
**Motion Passes Unanimously**

**Item 7 -** Review and Discuss tabled courses from December 20, 2019 (**For Possible Action**).

**Discussion:** The committee had an issue with whether this group of home-study courses was modular learning versus self-paced textbook readings. Tiffany Barrett says she has experience with these courses and they are good quality courses and you have to take a quiz at the end.

**Motion:** Motion to approve the following courses as clinical from the December 20, 2019 meeting until July 31, 2021:1, 2, 3, 4, 5, 6, 7: Katherine Joines

**Second:** Tiffany Barrett  
**Motion Passes Unanimously**

**Item 8 -** Review and Discuss request for auto review process (**For Possible Action**).

**Discussion:** Jenny Luthy said she is in favor of the auto review process however, an individual participant gets the ability to go take individual classes/sections of conferences which could pose a problem for receiving full credit.

Katherine Joines sees an issue with Chelsea Wilson the Admin collecting “pieces” of information in an auto review process versus the provider turning it in and receiving the full packet. She believes this could be a messy process.

Tiffany Barrett agrees that this sounds like a lot of work but she believes that by putting it on the provider it will help the licensees. She suggests maybe having a different review process for conferences.

Jen Nash says NVAPTA does not pay a fee so we could put the submittal of APTA courses on them. Jen is of the opinion that CSM and NEXT should just go on the approval list for the credits that the certificate states.

Katherine Joines says yes this could work for the big conferences however they still should have to submit the conferences possibly for free. She poses the question are we just going to automatically approve the big conferences for free or are we just going to not charge APTA at all?

Jen Nash states she doesn't believe we can let APTA not pay at all however she would support the auto approval of the two conference being CSM and NEXT.

Tiffany Barrett is in support of approving the two big conferences yearly she thinks this is a good starting point.

**Motion:** Motion to recommend the board consider auto approval for CSM and PT Next conferences for the units they are awarding.
