8. Public Comment

No vote may be taken upon a matter raised during a period devoted to public comment until the matter itself has been specifically included on an agenda as an item upon which action may be taken. (NRS 241.020)

9. Adjournment

Public Comment Agenda Item: There is a time designated at the beginning of the meeting and the end of the meeting for Public Comment. Members of the general public may bring matters not appearing on this Agenda to the attention of the ACCC or make comments on specific agenda items. Public comment may also be taken at other such times as requested as long as the request for public comment will not interrupt ongoing Committee business. The ACCC may discuss matters, not on the Agenda but may not act on the matters at this meeting. If the ACCC desires, the matters may be placed on a future agenda for action. In consideration of others who may also wish to provide public comments, please avoid repetition. The ACCC welcomes public comment. At the discretion of the Chair, public comment may be limited to three (3) minutes per person. Comments will not be restricted based on viewpoint. Public comment will be allowed at the beginning and end of the meeting, as noted on the agenda, and specific agenda items if so, noted on the agenda.

Before the commencement and conclusion of a contested case or a quasi-judicial proceeding that may affect the due process rights of an individual, the Board may refuse to consider public comment regarding that case or proceeding. (NRS 233B.126)

Notice: Reasonable efforts will be made to assist and accommodate individuals with disabilities who wish to participate in the meeting. Persons with disabilities who require special accommodations or assistance at the meeting should contact the Board office at (702) 876-5535; no later than 48 hours before the meeting, so that arrangements may be made. Requests for special accommodations made after this time frame cannot be guaranteed.
