3291 North Buffalo Drive, Suite 100  
Las Vegas, NV 89129

### ADVISORY COMMITTEE ON CONTINUING COMPETENCY MEETING MINUTES April 2, 2021

---

- Item 1-** Call to order / roll call to determine the presence of a quorum. After determining the presence of a quorum, the meeting was called to order at 12:04 PM.
- Committee members present: Tiffany Barrett; Chair, Jennifer Nash, Jennifer Luthy, and Krysta Boyd
- Staff-members present: Charles Harvey; Executive Director and Chelsea Wilson; Admin Assistant
- Item 2 -** **Public Comments:** Kimberly Prucha announced herself and said she is waiting for the review of the course Cranial Mobilization I from Fulcrum Institute.
- Item 3 -** Review, discuss, amend and approve ACCC Meeting Minutes (**For Possible Action**).
- A. December 8, 2020
- Motion:** Motion to approve the minutes from December 8, 2020: Tiffany Barrett  
**Second:** Jennifer Nash  
**Motion Passes Unanimously**
- Item 4 -** Review and Discussion on Board Meeting Actions
- A. Jennifer Nash, Board Liaison
- Jennifer Nash had no update but did ask for questions. Tiffany Barrett had a question about the committee update and whether or not the number of members would change. Jennifer Nash responded that as of right now nothing has changed but that could change with the updating of the NAC's. Jennifer Nash then goes on to explain that the updated NAC's would regulate this committee at 3-5 members.
- Item 5 -** Scheduling of ACCC Meeting Dates for 2021 (**For Possible Action**). The Advisory Committee

will select meeting dates and times for the remainder of the year.

The committee came to the decision they would meet every other month on Friday the future meetings dates are as follows:

June 4, 2021

August 6, 2021

October 1, 2021

December 3, 2021

**Motion:** Motion to approve future meeting dates to be the first Friday of every other month:

Tiffany Barrett

**Second:** Jennifer Luthy

**Motion Passes Unanimously**

**Item 6 -** ACCC Course Application Process Review (**For Possible Action**). The Advisory Committee will review, discuss and possibly approve changes to streamline the review process.

The committee discussed the process and came to the conclusion that too many courses are coming through that are incomplete therefore, they have requested that these courses not be accepted per the application instructions. The board office additionally discussed instituting a new online process to accept applications electronically. Lastly, the committee did request a 2 week timeframe to review the courses.

**Item 7 -** Discuss/review virtual webinar courses and submittal requirements (**For Possible Action**).

Chelsea Wilson explains that with the influx of virtual webinars and virtual conferences due to COVID she is unsure whether the post test is necessary or required. The courses referenced on this particular matter were courses #276-290 which were virtual webinars however, did not have a post-test.

Jennifer Nash explains that with all of the virtual webinars she has attended they have come with a post-test so it shouldn't be a problem. She then reflected back to the white paper which says any course that is not on-site requires a post-test.

Tiffany Barrett believes the post-test is important and vital especially with an online course to maintain the integrity that the person actually attended and absorbed the information.

**Motion:** Motion to approve with conditions courses #276-290 through July 31, 2022:

Tiffany Barrett

**Second:** Jennifer Luthy

**Motion Passes Unanimously**

**Item 8 -** ACCC Position Vacancies (**For Discussion**). The Advisory Committee will review and discuss vacant positions and the impact of proposed regulations LCB File R138-17

Charles Harvey explains that Katherine Joines and Chris Kegler are no longer with the committee and that a potential applicant had previously applied for the committee and that he will be submitting that application however, he is open to other applications.

Charles Harvey discusses the proposed regulation changes. These changes specifically

effect the ACC committee process as far as the white paper and membership levels changing to only 3-5 members. Lastly, he asks everyone just take a look and review the regulations for the future.

**Item 9 -** ACCC Elections (**For Possible Action**). The Advisory Committee will vote for a new Chair and Vice-Chair.

The committee voted for Tiffany Barrett as chair and Jennifer Luthy as vice chair.

**Motion:** Motion to approve future meeting dates to be the first Friday of every other month:  
Tiffany Barrett

**Second:** Jennifer Luthy

**Motion Passes Unanimously**

**Item 10 -** Request for additional continuing competency credits for COBRA Labs (**For Possible Action**).

The provider Andy Gabel for Cobra Labs requested additional units for his courses even though his courses only run for 3 hours. Andy explains they have built a cadaver lab and are trying to make it useful to the community for physical therapists and other medical specialties. After he reviewed our course list he did not believe there was any courses that were as detailed and in depth as his so he is requesting additional hours as there are not any courses like his which are in depth and hands on and its only limited to 6-7 students at a time.

Tiffany Barrett thanks Andy and applauds him for the education he is providing to our licensees and mentions UNLV also offers cadaver labs so they get a similar experience. However, she said the committee doesn't work on a sliding scale so they don't offer more or less units based on a course itself. She then goes on to recommend additional ways to add content to the course to gain additional hours.

**Item 11 -** Review and recommendation of **Previously Approved and New** continuing competency courses. (**For Possible Action**)

Course #	Provider	Course	Type
1	Allied Health Education	Choosing Functional Performance Measures in Geriatric Rehabilitation	Home-Study
