

Dear Licensee,

As part of our continuous effort to provide the best possible service, we are pleased to announce the launch of our new cloud-based licensing system that will help you communicate with the Nevada Physical Therapy Board with greater ease.

In addition to improved communication, you will have access to a new and improved Licensee Portal that will enable you to:

- Renew your license online.
- View and update licensee records, including employment addresses, mailing addresses, telephone numbers and name change requests.
- Request license verifications.
- Track continuing competence and upload certificates of attendance.
- Request dry needling authorization.

Each licensee will need to create a new user account in the Thentia Cloud for Government, by clicking on the link below or going to: <https://nptb.portalus.thentiacloud.net/webs/portal/#/>.

Please note that licensee data has been transferred into the new licensing system. To help validate the accuracy of our database, we request that you log in, review, and update your personal and professional information.

We've attached a How to Guide with step-by-step instructions to help assist you in creating your user account. If you have any questions about the Licensee Portal, please contact the Board office.

Nevada Physical Therapy Board

A BETTER WAY TO LICENSE IS HERE!

THE BOARD'S NEW LICENSING SYSTEM GOES LIVE ON APRIL 17, 2023!

CREATE YOUR USER ACCOUNT & UPDATE YOUR INFORMATION
